

# UK and Pandora ring size guide

*Find the right sized ring for you or a loved one*

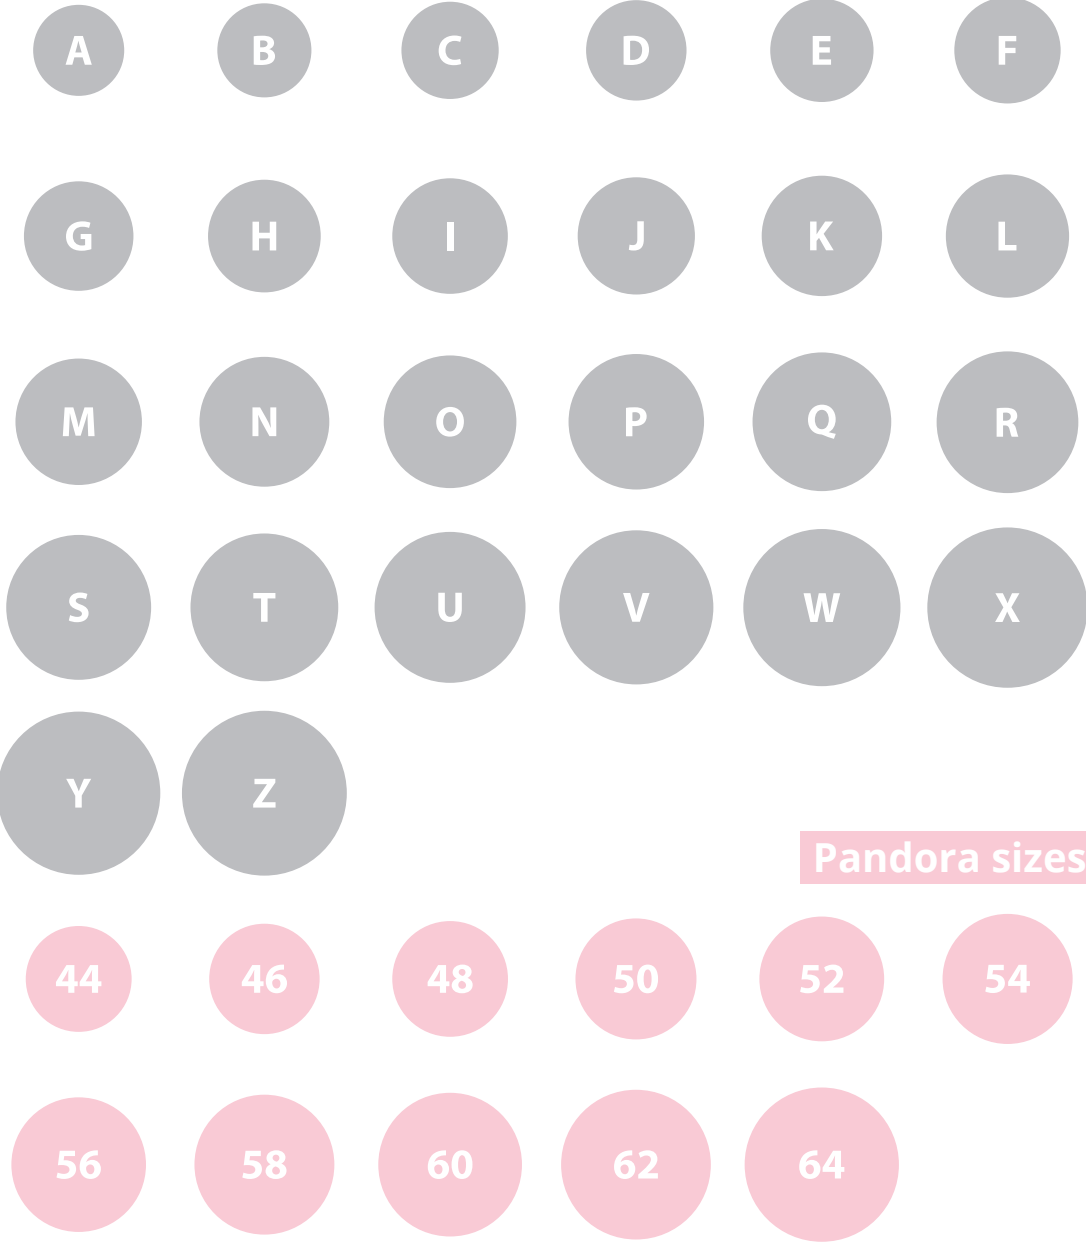

Looking to buy a ring for yourself or someone special? Print this guide out on A4 paper at 100% to find out which size you need. If you have access to a ring that you know fits, line it up with the circles below. The one that matches the inner dimensions of the ring will tell you which size you need.

The chart includes all standard UK ring sizes, as well as those offered by the brand Pandora, so you should have no problem finding the information you're looking for.

**Don't have a ring to hand?** No problem! Just cut out the relevant ring sizer and add a slit where indicated. Wrap the sizer around your finger just above the first knuckle and pull the end of the sizer through the slit until it fits comfortably. The letter or number the closest arrow points to is your ring size.
